‘Discover’ NOVOMATIC at ICE Totally Gaming

The promotional theme of ICE Totally Gaming for 2015 is ‘Discover’ and, in keeping with that theme, the customers, business partners and visitors to NOVOMATIC’s traditionally enormous booth space at London’s ExCeL Exhibition Centre will be able to do just that ... ‘Discover’ the world of gaming that is presented by Europe’s undoubted number one gaming group and a leading global player.

On a booth that is, quite literally, the size and space of a football pitch ICE visitors will discover the latest innovations of the NOVOMATIC Group as presented by 18 international subsidiary companies and affiliates catering to the various segments of the gaming industry. Right at the front of the booth NOVOMATIC UK (comprising Astra Games, Bell-Fruit Games, Empire Games, Gamestec and Mazooma Interactive Games) will welcome the guests, together with the colleagues from Eurocoin. Then Admiral Sportsbetting and a large NOVOMATIC Interactive area will cover the right wing of the booth – with the varied online/mobile product offering of companies such as Greentube, iGaming2Go, Mazooma Interactive Games, Extreme Live Gaming, Betware and NOVOMATIC Lottery Solutions. On the left wing will be the AWP and VLT offering for the Spanish, German and Italian markets, presented by NOVOMATIC Gaming Spain, LÖWEN Entertainment Crown Technologies and NOVOMATIC Italia, respectively. The main booth section at the top part of the booth features the full range of innovative gaming technologies from Austrian Gaming Industries and Octavian as well as a new NOVOMATIC hospitality area and numerous meeting rooms that will allow negotiations amidst the busy noise of the show.
