

## NOVOMATIC to present trend-setting highlights for APAC at G2E Asia

*The planned NOVOMATIC show portfolio for G2E Asia, taking place from May 31<sup>st</sup> – June 1<sup>st</sup> at the Marina Bay Sands in Singapore, is an exciting array of multi-games and Progressives, powerful ETGs and innovative sports betting kiosks, presented in a stunning range of cabinet hardware.*

**Gumpoldskirchen, April 27<sup>th</sup>, 2023** – NOVOMATIC returns to the G2E Asia 2023 with an exciting show display comprising all the company's latest trend-setting highlights for the region. Visitors at stand A338-B will discover a portfolio that epitomizes the innovative strength and broad diversity of NOVOMATIC Winning Technologies.

At the centre of the stand will be the latest cabinet launch, BLACK EDITION II in two versions. The BLACK EDITION II 3.27 is the true successor of the original BLACK EDITION with a setup of three characteristically angled 27" screens whereas the BLACK EDITION II 1.49J exemplifies a modern approach, featuring a 49" J-curve monitor for the constantly growing range of NOVOMATIC upright games and Progressive titles.

Another cabinet highlight on display in Singapore will be the DIAMOND X™ 3.32 and 1.55J cabinet versions. This exciting achievement in cabinet design came in second at the recent Global Gaming Awards in London in the category "Product Launch of the Year" and has made a top impact in terms of customer interest and performance feedback right from the start. The DIAMOND X 1.55J was the first NOVOMATIC upright machine with the J-curve single-screen monitor, which gives it a very sophisticated and modern look, especially with the indirect LED lighting concept. It will be on show at the G2E Asia with the exclusive XTENSION LINK™ in a top-performing set-up that yields clear above-floor-average and in many cases top-floor performance in numerous casinos across different markets.

Further Progressive highlights at the show will be the Superia GOLDEN LINK™ Volume 1 and Superia CASH CONNECTION™ Volume 2 linked multi-games, each with a gripping selection of titles, either with four jackpot levels or with two jackpot levels plus free games instead of MINI and MINOR. Impera Line HD™ Edition 9 and NOVO LINE™ Interactive Edition X4 multi-game compendiums complement the slot display with sophisticated offers comprising both player favourites and new game releases.

For the region's traditional demand of premium ETG solutions, NOVOMATIC will display the latest slant top releases, EXECUTIVE SL™ 1.27 and LOTUS SL™ 1.27 in a show set-up with the new Multi-Roulette™ wheel.

Premiering in the region will be the state-of-the-art sports betting kiosks: The table-top version NOVOMATIC ActionBook™ Compact and the multi-screen version NOVOMATIC ActionBook™ Plus deliver the perfect kiosk hardware solutions for all kinds of space and positioning requirements. Both are constantly growing their footprint internationally as well as in the US as more and more jurisdictions legalize sports betting and operators seek to expand their offer.

Thomas Schmalzer, VP Global Sales and VP Product Management NOVOMATIC AG says: “We are excited to be returning to the G2E Asia and thrilled to present our top-performing portfolio of solutions for a region that has been affected unlike any other during the past few years. We have an exceptional range of new products and attractive highlights with a great appeal for the region to show.”
